

## Applying Human Rights to Sexual and Reproductive Health

A reality for all?

# GIVE YOUR STATEMENT!

MMS is producing a short video with statements of conference speakers and participants which is going to be published on the MMS website.

We want to hear from you what you think about the human rights based approach to sexual and reproductive health!

Is it a reality for all?

Please approach **Sandra Staudacher** from the *SwissTPH*.

**Mark Bamidele** from *AfricanMirror* will film your statement.

Guiding questions for the audience:

- A) What are Human Rights violations with regards to sexual and reproductive health which should be addressed in interventions? State an example.
- B) What do we need to do to address human rights violations to SRH? (internationally, nationally, CSOs/NGOs and community)

Your statement should be no longer than 20 seconds

**Thank you for your participation!**
