11 January 2018

Lesotho	
	
Population : 2.2 mil	
Fertility rate	3
Maternal Mortality Ratio	487
Contraceptives prevalence rate	61
Population aged 10-24	33%
Youth secondary school enrollment	
 BOYS	 GIRLS
27%	42%

UNFPA works with survivors of violence and with law enforcement. But with studies showing that young herders are frequently among the perpetrators of violence, it became clear that efforts must be directed towards them, as well. © UNFPA Lesotho

HABA TSEKA, Lesotho – “Before, I never used a condom, and I would force myself violently onto girls and young women,” said Kabelo\*, 22, in rural Lesotho. A herder

«Before I never used a condom, and I would force myself violently onto girls and young women,» said a young man (22) in rural Lesotho. «I felt strong in those moments because I had learned that this is how women should be treated»

# GBV in Haiti

## Oxfam banned from work in Haiti over prostitutes scandal

Mikelange Gabou, now 23, said she had a sexual relationship with Roland van Hauwermeiren when she was 16 years old in 2011. At the time she lived near the large homes rented by foreigners. Now she lives in this canyon in the hills above Port-au-Prince

MARIE ARAGO FOR THE TIMES

Oxfam GB has been barred from operating in Haiti as its government investigates allegations that aid workers sexually exploited victims of the 2010 earthquake.

Are we part of the solution or part of the problem?
